

How to Make a Deposit Without Visiting a Branch

Gone are the days when you need to physically step into a branch to deposit funds into an account. Check out these few ways that may save you time.

Deposit checks using your phone

Deposit paper checks into your Nymeo account by taking a photo using your mobile phone. It's secure, quick, and convenient. Watch Assistant Branch Manager, Bruno deposit a check using his phone [here](#).

Deposit cash or checks at ATM machines

Nymeo offers a fleet of deposit-taking ATM machines. After you enter your password, select Deposit, and follow the instructions on the screen. Locations of [ATMS are here](#).

Transfer funds into your account from another account

If you need to transfer funds from another Nymeo account or an external financial institution's account, you can do this too! There is no need to travel from one location to another. In Online and Mobile Banking, you can set up an external account and make transfers as often as you like.

24-hour depository

Nymeo also offers a 24-hour depository at our branch located on Thomas Johnson Drive. You can deposit into the depository, and a Nymeo Financial Concierge will deposit your funds into your account on the next business day. Please include a deposit slip with your funds.

Here to help!

As always, if you need assistance setting up any of our digital tools, reach out to us at 855-436-4100, email info@nymeo.org or talk with us using our chat service found on our website. We'd be happy to help!
