

Online Banking 101

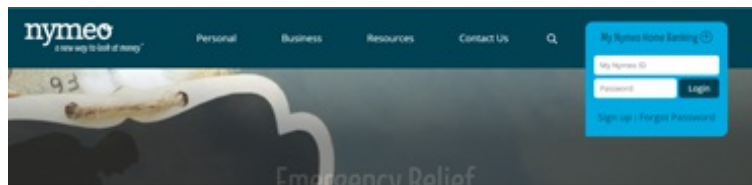

Online banking is a secure and convenient way to bank anytime and anywhere in real time. Using Online Banking allows you to manage your money without leaving the comfort and safety of your home.

If you are not using online or mobile banking yet, no worries. Here is a brief tutorial to get you started on a computer. You can also enroll right from a smartphone by downloading and using the My Nymeo Mobile App (see below).

Step 1

Visit nymeo.org.

Once on our site, go to the top right corner where you will see an online log in box. If this is your first time, you will be asked questions. Make sure you have this information: Membership Number, Social Security Number, Date of Birth, Last Name and Zip code. You will need to set up security questions. That's it. You are security logged in. Be sure to select a secure password and keep it safe.

Log In

A screenshot of the nymeo login form. It features two input fields: "User ID" and "Password". Below the "User ID" field is a link that says "Forgot User ID?". Below the "Password" field is a link that says "Forgot password?". At the bottom left of the form, there are two links: "First time user?" and "Enroll in online banking".

Step 2

Once logged in, you can see all your accounts in one area. Select the accounts to view any recent transactions.

Step 3

Once in online banking, you can conduct many day-to-day transactions easily and securely such as:

- Viewing all activities of your accounts
- Transferring money internally at Nymeo or to/from other Financial Institutions
- Paying your bills to anyone or any company
- Setting up alerts
- Seeing your spending trends to help you budget
- Communicating with Nymeo through the message center

Step 4

If you have smartphone or tablet, you can take banking on the go by downloading the My Nymeo Mobile App either in the Google Play Store or in the Apple Store. (You can actually create your online

banking login right from this app if you have not done it already on a desktop computer.) The mobile banking app allows you to view account balances, transactions, transfer funds plus more!

- Simply login using your My Nymeo Online Banking user ID and password.
- If you are a new user, it's easy to sign up! Select First Time User, Enroll Now, and follow-the prompts.

If you need assistance getting started, we can help you! Just speak with a Financial Concierge at [855-436-4100](tel:855-436-4100) and they can help you get started.
