

## 5 Top Benefits of Mobile Banking

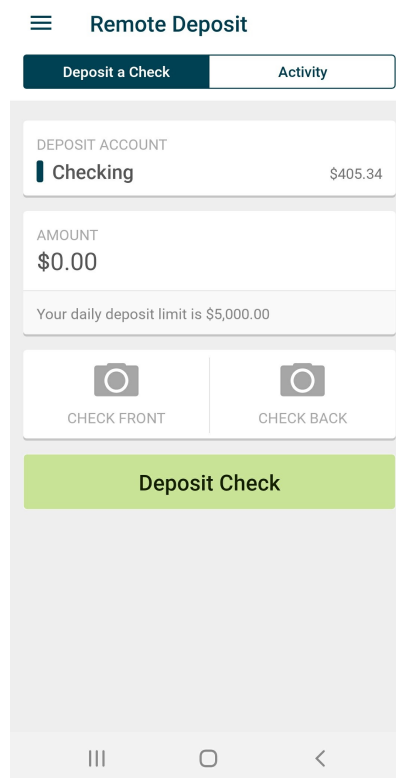

Mobile banking is empowering and lets you handle basic banking matters on your own. A handy mobile banking app, such as our recently updated My Nymeo Mobile Banking app, can help you take care of a wide range of banking to-dos without stepping into a branch or making a phone call. Below are top benefits of mobile banking.

### 1. Availability

Unlike a financial institution's physical branch, you can use a mobile banking app to view your accounts whenever you wish – 24-hours a day, seven days a week, on weekends or even holidays.

### 2. Convenience

Time is important to all of us and a mobile banking app saves you a lot of time. With a mobile check deposit for example, a feature on the My Nymeo Mobile App, you can deposit a check using your phone's camera. Just snap and deposit. You can also apply for a loan or open additional accounts directly from the app.

### 3. Pay a person or a bill

If you need to pay someone or a bill, you can send money in minutes securely from your app. You will only need to know your recipient's email address or cell phone number to send them money. With the Bill Pay option, you can easily set up bills and even schedule the payments.

## 4. Security

As a financial institution, one of our main priorities is to guard your assets. We have added measures to make sure your accounts are secure when using a mobile app. However, we want to ensure that accessing your accounts is an easy process. Our app is set up to login using your device's fingerprint authentication or facial recognition.

Also, just by monitoring your accounts more often, you will have a greater chance to discover fraud more quickly. There are additional steps you can take to step up security precautions such as having a good password to unlock your phone or an ability to disable your phone remotely.

## 5. Control

When you know how much is in your account, you will gain more control over your finances. You can easily determine (even while in line at the store) if you need to transfer money into a checking account to pay for your purchase or do without an item to stay in budget. Download the new Nymeo Mobile App to experience all the new features. If you have any questions or need assistance, reach us at [855-436-4100](tel:855-436-4100) or [info@nymeo.org](mailto:info@nymeo.org).
