

Top Reasons Why eStatements are Better

Easy to access and clutter-free, eStatements are the ideal way to secure your banking information online.

eStatements are like paper statements but they are sent to you electronically. At the end of each statement period, you'll get an email from your financial institution informing you that your eStatement is ready to view through your online or mobile banking.

Here are top reasons why eStatements are a better option:

1. Accounts at a glance

With eStatements, there's no need to wait for your monthly statement to arrive in the mail. With just a few clicks, you can check your account balance at anytime, anywhere, using the mobile device of your choice.

2. No more paper clutter! Keep organized

Why bother with piles of paperwork when you can access your accounts digitally? It's neater, cleaner and helps cut down on stuff flooding your mailbox.

3. Securely keep information

With eStatements, you'll never have to worry about losing paper that has confidential banking information or mistakenly tossing it into the trash where criminals can capture it. Filing cabinets were so last century. With eStatements, you'll never stress about misplacing your account statements again. Your online banking portal acts as a convenient and secure filing cabinet, storing your account statements for access as needed.

4. Monitor fraud easily

When you have instant access to your accounts throughout the month, it's a lot easier to check for signs of fraud. Plus, when you spot the fraud sooner, you can take steps to stop and fix the damage earlier, giving you a better chance of a full recovery.

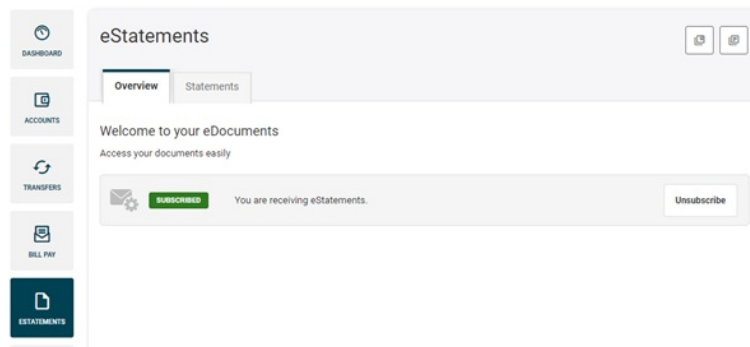

5. Better for the environment

Fewer paper statements mean less paper waste and fewer trees falling for something that will ultimately be tossed. Go green for the environment with eStatements!

Ready to switch to eStatements?

Signing up is easy. [Log into online banking](#) and go to eStatements to subscribe.
