

There are many options to choose from when it comes to checking accounts. Most financial institutions offer a secure place to conveniently deposit and withdraw money. Where the lines blur is pinpointing the type of checking that is right for your personal lifestyle and habits. Do you know if you are currently in the right checking program? Let's see!

Nymeo, as an example, offers several types of checking accounts that were developed for a specific lifestyle or need of our members. Here is a breakdown of the checking accounts we offer.

Are you looking for a no-fuss, simple checking account, and you do not have a direct deposit? Then you may want just a basic checking. At Nymeo, we call it [Simply Free Checking](#). And, as the name implies, it is free for everyone.

Planning on having a direct deposit or automatic payment? And also, you plan to keep less than \$1500 in the account. You need an account that is easy to use but helps you earn dividends. At Nymeo, it is called [Easy Interest Checking](#).

Are you the type of person to keep more than \$1500 in your checking? Then you should consider an account that helps you earn competitive and higher dividends. This account at Nymeo is called [Premier Interest Checking](#).

Perhaps you like perks and extras. Who doesn't? There are checking accounts that offer specials and rewards while giving you the same benefits as a standard checking account. At Nymeo, we have a product called [Benefits Checking](#). With this account, you get added benefits such as roadside assistance, cell phone protection, travel discounts, plus more.

It may be worth “checking” to see what type of banking and lifestyle habits you have and consider switching accounts at your financial institution if it makes sense for you. At Nymeo, we can help you determine if there is another checking account that would work best for you.
